

BTA Signature Series

# SoundWhere® SHORT THROW 120

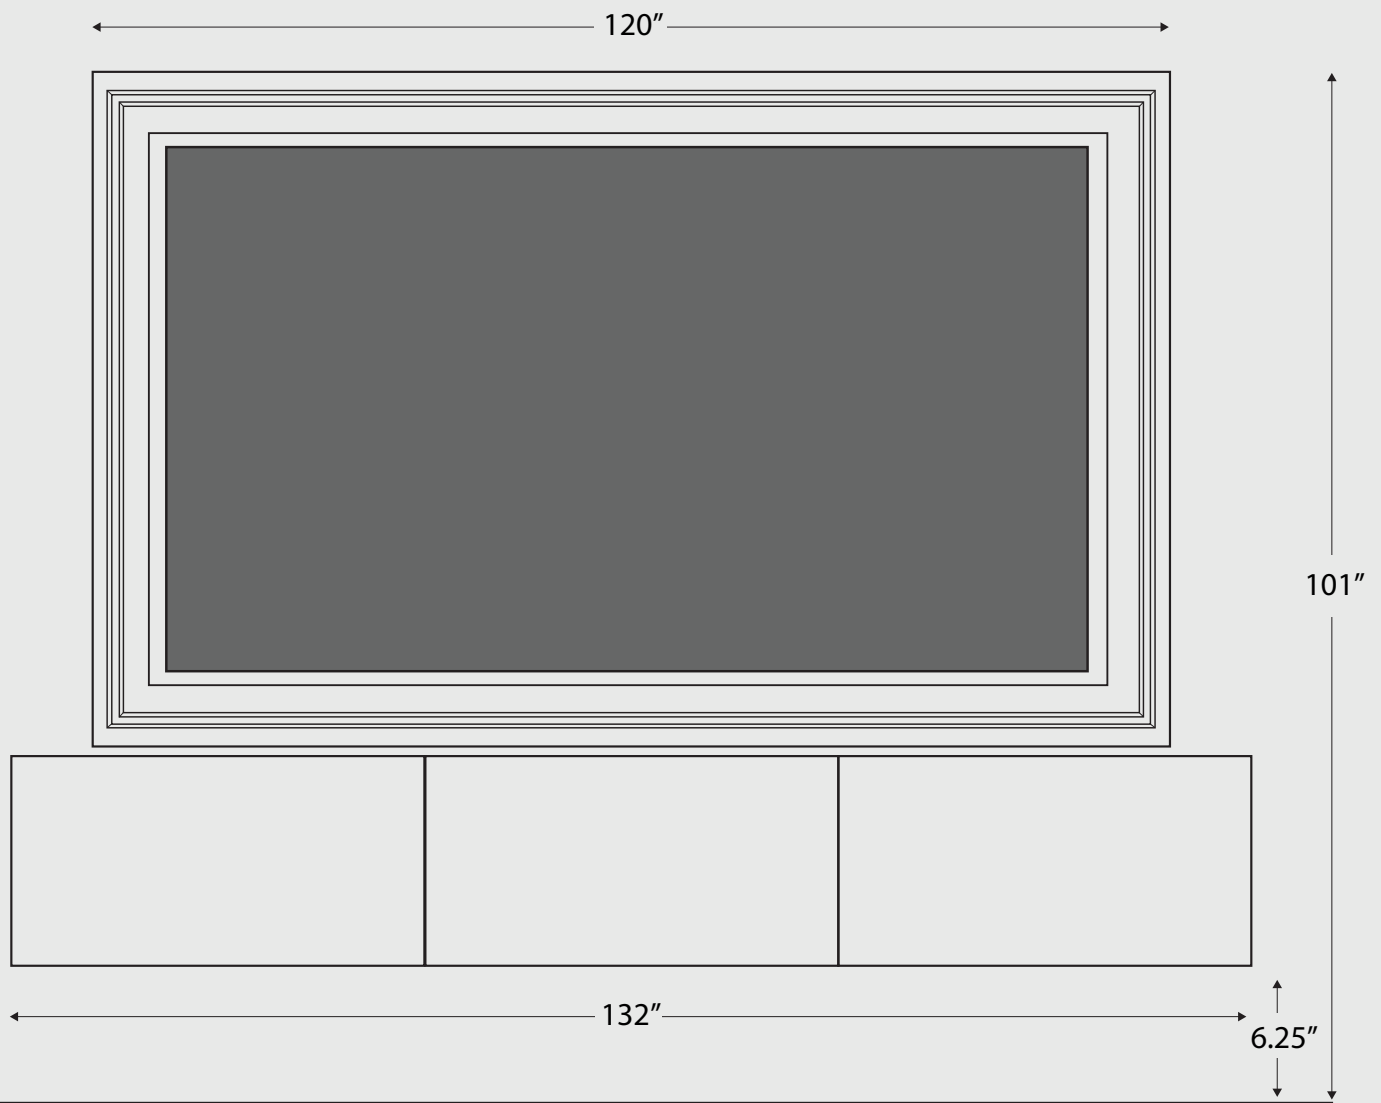

6 Standard Wood Finishes

The SoundWhere® Short Throw media cabinet holds a 120" Stewart Balón ALR (Ambient Light Rejecting) screen and a Samsung LSP9T ultra short throw laser projector (adjustable for alternative models) along with power, ventilation, and cable management for AV equipment. Perfect for multi-level dwellings, this cabinet easily fits in an elevator allowing it to be installed *anywhere*, unlike larger flat panels. The integrated full range 3.1 speaker system provides the foundation of a Dolby ATMOS Theater experience; add surround and immersive speakers to this system to effortlessly create a complete media room that looks as beautiful as it sounds!

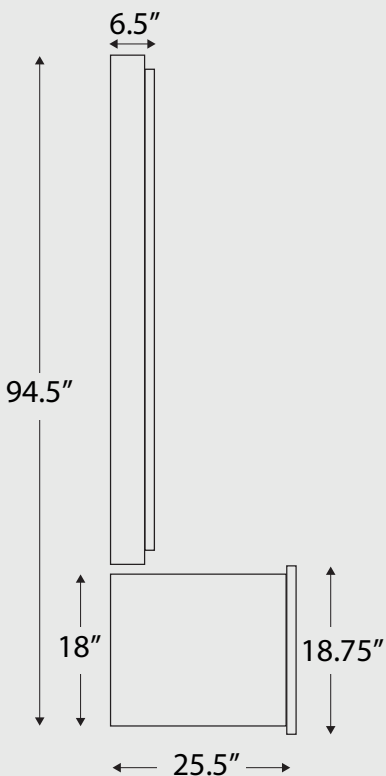

Experience the simplicity of SoundWhere®, a fusion of form and function. Each unit integrates high-fidelity speakers *and a subwoofer*, ensuring superior sound. Designed with equipment storage and efficient ventilation as well as cable management all while enhancing your chosen aesthetic. These modular units are made to fit into any home, apartment, or condo so you can design your room around great sound you cannot see!
